HANDED OVER MONEY IS

Water Works Company's Bills for Hydrant Rental Are Allowed.

TWO COUNCILMEN VOTED IN THE NEGATIVE

Majority Prefer to Rely on the Good Faith of the Receivers-Nothing Now in the Way of Improvements.

At a special session of the city council held yesterday afternoon the back bills of the American Water Works company, amounting to \$85,000, were approved and the appropriation ordinance, in which they were included, was passed. Kennard and Kment alone voted in the negative. This transaction occupied more than an hour, the time being devoted to a rehash of the multitud nous arguments that have been heard in the council chamber on this subject during the past

The subject was brought up by the report of the special committee which was appointed Tuesday night to obtain a written greement from the water works company that if the money was raid it would be at o ce expended in enlarging the down-town system according to the plans of the city engineer.

according to the plans of the city engineer. The majority report was as follows:

OMAHA, Aug. 30, 1895.—Mr. President:
Your special committee to which was referred the report of the committee on fire and water of date August 27 in relation to getting a written agreement from the receivers of the water works company as to whether or not they would spend the \$85,600 proposed to be paid by the city in the enlargement and improvement of the water works system and service as per the order of the United States court, under plans and specifications prepared by the city engineer and approved by said receivers, has had the same under careful consideration, and on the 28th inst. wrote the receivers of the water works company the following letter:

on the 28th inst, wrote the receivers of the water works company the following letter:

• OMAHA, Aug. 28, 1895.—Eilis L. Bierbower and A. B. Hunt, Receivers of the American Water Works Company—Gentlement According to the recent order made by Judge Riner and Judge Dundy, in the case of Farmers Loan and Trust company vs. American Water Works company, the receivers of the water works company were authorized upoa receipt of the money due for hydrant rentals to expend an amount not to exceed the sum received from the city in the calargement and improvement of the water works system and service and connection therewith in the city of Omaha. As a special committee of the city council appointed for the purpose of securing an agreement regarding the expenditure of any money paid over by the city to the receivers on account of hydrant rentals, we desire to know whether, if the money claimed to be due is paid over without unnecessary delay, that the full amount of the same will be expended in the improvement of the water works system and service in the city of Omaha, substantially in accordance with the plans prepared by the city engineer and approved by yourselves; and we also desire to know if, upon the payment of said amount claimed to be due, the work of enlarging the water works system and service will be commenced within ten days and prosecuted with all possible dispatch and completed within at least nine months.

Please advise regarding these matters without delay, as we are desirous of mak-

Please advise regarding these matters without delay, as we are desirous of making an immediate report to the council Resp ctully, EDWARD E, HOWELL, Chairman, on Behalf of Committee.

HOW THE RECEIVERS ANSWERED. On the 29th inst, we received the following

On the 29th inst, we received the following reply:

OMAHA, Aug. 29, 1895.—Edward E. Howell, Esq., Chalrman, Etc.—Sir: In reply to your letter of the 28th inst., it is the intention of the receivers on receiving from the city the hydrant rental due for the year immediately preceding July 1, 1895, to expend the same in compliance with the order of Judges Riner and Dundy, made in the case referred to, on the application of the receivers and in accordance with the map approved by the city engineer and the receivers attached to said application of the receivers attached to said application. It is the intention of the receivers to commence the work of enlarge, the mains immediately after a giving the said rental and the complete that the earliest day practicable. The receivers expect to have much of the necessary pipe delivered to them within two weeks, and, with favorable weather, much of the work can be done this season and the remainder as early as practicable next season. Very respectfully,

done this season and the remainder as early as practicable next season. Very respectfully,

ELLIS L. BIERBOWER,

ALONZO B. HUNT,

Receivers.

Your committee considers this an unqualified agreement on the part of the receivers to do the work as authorized by the order of court. Since receiving the agreement your committee has had several conferences with the receivers, and finds that in March last, when this proposition was first entered into, the receivers wrote to nine different pipe manufacturers, asking for prices on pipe, delivery of same to be made from April 1 to November 1; and that as the proposed agreement fell through at that time, the order for this pipe was cancelled, Also, that after the order was issued, giving them permission to expend this money, on July 6, they got an estimate from their engineer as to the amount of pipe of various sizes required, under the map and specifications approved by the city engineer and concurred in by themselves; also, that on July 12 they again wrote to the different pipe manufacturers, asking for the prices on pipe, delivery to be made from August 1 to October 15.

Your committee is firmly of the opinion that the receivers of the waser works company have been acting in good faith during this entire controversy; and, under all the receivers of the waser works company have been acting in good faith during this entire controversy; and, under all the circumstances surrounding the situation, and taking into consideration, first, the absolute need and necessity of this improvement, and, secondly, the crying demand for giving the unemployed of the city work, your committee recommends the payment of the money and the adoption of this report.

E. E. HOWELL,

HAFDAN JACOBSEN,
F. B. KENNARD,
W. J. CONNELL,
Special Committee,

KENNARD'S MINORITY REPORT.

KENNARD'S MINORITY REPORT. Kennard brought in a minority report, in which he contended that the letter from the they "intended" to do was no guarantee of what they would do. He summed up his ob-jections to the payment of the money as fol-

First, by the payment of this \$85,000 t the American Water Works company the city of Omaha waives all claims for damages for past and present nonperformance of con-

Second, the suit now pending in the United States court for the purpose of determining the rights of the city of Omaha under its condismissed at the expense of the city and the City ticket office, 1504 Farnam street. C. city will be forever thereafter estopped from making any claim against the water works company for lifteen years' violation of its centract if this \$85,000 is paid over to the water works company by this council.

Third, if this \$85,000 is paid over to the receivers it is within the power of any of the litigants in the case of the Farmers Loan

and Trust company against the American Water Works company and others to enjoin the use of this money for the purpose con-

The two reports were discussed at length b Howell, Kennard, Kmen , Me cer and Hilmes, and City Attorney Connell urged the adoption of the majority report. He said that there was no question but that by the payment of the money the city would waive all claims on account of nonperformance of contract in the past, but he believed that the future was of more importance than the past and the best contract in the past and the best contract than the past and the past and the past contract the past contract than the past and the past contract the past contract than the past contract importance than the past and the best thing to be done was to take it for granted that the water works company was acting in good faith and pay the money to be ex-

ided on the mains. The majority report was then adopted, Kenpard and Kment alone voting in the nega-tive. The appropriation ordinance was then

The jury were unanimous in their deci-ion. After carefully weighing all the testimony they found the soil a generous, warm leam of gently rolling surface, underlaid by a limestome formation. Water was excellent and abundant both in cre ks, springs and gles was transferred to the Department of wells. Roads were good, timber sufficient, Dakota just before the opening of the Sloux crops elegant and grasses nutritions. They found that peaches, pears, plums and grapes are excellent, and that apples and figs do well. They found the nights were cool and the days pleasant. A rainfall sufficient for all crops they escertained was always as ured. They found that it was no unusual thing that an acre of ground well cared for, not only yielded two and three crops each year, but that the money return per acre ran all the way from \$200 to \$400 annually. This was the report of the Orchard Homes party that rereport of the Orchard Homes party that re-cently returned from this fertile section of country, where peace and plenty, prosperity and health, went band in hand. TO ANSWER FOR FORGERY.

Fort Robinson Deserter Held on Arthur Briggs' Complaint. Harry G. Chaffee was yesterday transferred from Fort Omaha to the city fall, where he is confined on the charge of forgery. The complaint on which Chaffee was arrested was filed by Arthur Briggs, who charges that Chaffee passed a forged check for \$7 on him: Briggs is sure that Chaffee is the man, as ie is personally acquainted with him.
In addition to the forgery for which he was arrested, Chaffee is suspected of com-mitting three others. One of these papers was a check for \$75, which was passed or Browning, King & Co., another a check for \$20 on the Boston store, and the third a check passed on a Council Buffs business firm. The cashier of Browning, King & Co., who took the check, was at the police station to see Chaffee, but was not able to identify him positively.

Chaffee was arrested several days ago in Sioux City for deserting from Fort Robinson While there he attempted to commit suicide by taking poison, but did not succeed. He was turned over to the United States authoriies, and was transfared to Fort Omaha Meanwhile origgs reported the fact that haffee passed a forged check on him consequently Chaffee was turned over to the

tate authorities. Chaffee has been arrested several times for forgery, but heretofore the forged checks have always been taken up by friends and money gained from the victims paid back.

GENERAL RUGGLES IN OMAHA. Visits His Old Post on a Tour of In-

Spection.

Brigadier General George B. Ruggles, ad-A daylight ride over the Lehigh Valley all and the United States army, City affords a panorama of over 400 miles yesterday visited his old regiment, the Secjutant general of the United States army, SEES A BUILDING LOOMING UP. ond, at Fort Omaha, which he left more than thirty years ago. He called it visiting the regiment, though not an officer or a man who belonged to it then belongs to it now. But nevertheless the general finds something in Omaha that he can recognize, for he was stationed here for seven years. He was the first adjutant general of the Department of the Platte, his residence in Omaha covering the period between 1869 and 1876, when General Augur was in command. General Rug-gles was transferred to the Department of

war of 1876 He has been away from Washington for six weeks, and is neaf the end of his trip, for he will leave Omaha this evening to go di-rectly home. He has been making a tour of inspection of posts in the northern and western states, and particularly of those which have been built since his service in the west terminated and which he had not seen, and several of which are in territory he had never before visited. Of special interest to him, he says, was his visit to Fort Leavenworth, which he had not seen since he left that post to begin service in the civil

UNCLE SAM'S WEALTH. ent in the Malls and Never

Called Ror.

A letter addressed to Charles Opdenwinkle, Antelope county. Nebraska, was returned from the dead letter office to Acting Postmaster Woodard this morning. The letter contained \$5 and stated that the sender was sorry that she didn't forward the money before, "but had been too busy." It was signed C. D., and that was all. "It is such epistles," said the posteffice official, "that created Uncle Sam's dead letter office and it is such erratic scorrespondence that still keeps its wheels revolving. In this instance Antelope county covers an area twice the size of Douglas and Sarpy counties combined and to distribute mail carriers over it would cost the government a neat sum. The habit of American people in sending money unregistered through the mails is on the increase every year and the postal department is rapidly growing rich from misdirected cash. "In the annual report of the Postoffice de-

esting figures are given in connection with the dead letter office. There were 7,101,044 misdirected letters passed through the office, of which number 28,581 con-tained money to the value of \$38.255.06, and drafts and money orders in the enormous sum of \$1.057,368.69. There were 4,710 letters containing postal notes valued at \$5,898.73, making a total of \$1,101,522.48. Of the letters containing this money 18,083 were returned to their owners with contents, which amounted to \$28.077.97, besides others containing \$966,979.13 in checks and drafts, and still another job lot containing postal notes in the value of \$5,696,57, making a total of money returned, \$1,101,522.48. This would still leave the government winner in the transaction by \$100.858.81, an amount hardly

sneered at in these hustling times.

offices through the country are held thirty days and then sent to Washington and opened at the dead letter office. If no address is found in the letter it is returned to the branch office and advertised in the local papers a certain number of days, and after being held a menth is returned once more to Washington. Should the letter or package contain money or merchandise of value, it is held for four rears, when it becomes the lawful property of Uncle Sam. The merchandise is sold at public auction, and the proceeds, together with the other money that has accumulated from the same source, is turned into the United States treasury to the credit of the

MUST AWAIT THE HOUR.

Postoffice department

Hucksters Will Not Be Allowed an Advantage Over Gardeners. Hereafter the market gardeners and hucksters who swarm on lower Howard street from early morning until noon each day will be kept strictly within bounds. Two officers were detailed yesterday morning to see that the ordinance regulating them is enforced. The ordinance provides that the gardeners and hucksters shall be permitted their wagons in the following district: The north side of Howard street from a point sixty-six feet west of Eleventh to Tenth street, the south side of Howard street beween Tenth and Ninth. Ninth street south of Howard street to the alley. Eleventh street north of Howard street to the alley. It also provides that they shall not take their stand

intil 4 o'clock in the morning.

It has been the habit of the hucksters of that they leave no places for the gardeners, some of whom do not arrive in the city until late, as they live far out in the country. When the gardeners arrive they can find no place in which to stand their wagons, and they frequently sell their truck to the hucksters at a low price in order to find a purchaser. The hucksters transfer the truck o their wagons, and from their favored postions are able to sell it with a nice profit.

This scheme will be broken up with the enforcement of the ordinance. By not permitting the hucksters to take a stand until 4 o'cicck the gardaners who arrive early will at least be given an even chance to get good positions. Moreover, who a huckster buys a wagon load of true! from a gardener and transfers it to his wagon he will be ordered out in order to make room for another.

Attorney for Property Owners Talks of the Old Theater Site.

"The corner of Fifteenth and Farnam streets, formerly occupied by the old Boyd theater, will certainly be covered by a building soon. The work may yet start this

R. S. Hall, who appears as attorney for a number of the owners of the equitable title to the property, makes the statement. "The owners," he added, "are losing thousands of dollars by reason of the vacancy of the lot and cannot afford to allow it to lie idle. The difficulty has been a legal one. The title has been in dispute and the owners were walking to exect a valuable building were unwilling to erect a valuable building until the title was cleared. That is the reason the suit was brought to foreclose the \$200,000 mortgage. They expect to sell the property under foreclosure this fall. Some of the men interested are very wealthy and will either buy or form a syndicate and erect a building at once."

Why George Struck Mrs. Polinsky. Mrs. Polinsky, who lives at Tenth and Izard streets, appeared before Judge Berks vesterday and wanted George Brown arrested for assault and battery and calling her bad George has won the affections friend of Mrs. Polinsky's named Dora Dobey Dora is the daughter of a Mrs. Brown, wh lives in the same neighborhood. Brown heard of George's intention of marry-ing her daughter through Mrs. Polinsky, and then the trouble began. George thought it was none of Mrs. Polinsky's business whom he married and objected to ber circulating news among Dora's relatives. only told Mrs. Polinsky what he thought, but it is alleged, struck her.

Would Have Spared Shoemaker. About two months ago the residence of City Prosecutor Shoemaker, 2544 Davenport street, was entered and a revolver and a pair of shoes were taken. As the prosecutor had to walk down the next day in slippers he has had a grudge against the burglar ever since, and he determined to find out yester day whether Wiman Saunders was the burg Saunders was asked if he had entere the house at the address and after thinking awhile he answered that he had. When he was told it was Shoemaker's house he said: "I didn't know it was yo' house. Mr. Shoemaker, or I wouldn't have done it.'

This is registration day for the school bond election, which will be held next Tuesday All voters who did not register at the spring election must register today or they cannot vote. The location of places for registration and the names of registrars have already been printed in The Bee.

Business men do not seem to take much interest in the bond election, but members of the Board of Education are confident that the bonds will carry. Quite a sum of money paid in by liquor

dealers for license is tied up in appealed cases and the board cannot get at any of this until the court renders a decision If the bonds carry the school finances will be in good shape for a year at least. Several school houses have been built and paid for in the past two years, the money coming from the school levy. This year the levy for school partment, ending June 30, 1894, some interpurposes was raised to 20 mills and it was deemed best to vote bonds and ask the county commissioners to throw off the levy for this year. Should the bonds carry this

Dr. Glasgow Will Fight It. Dr. Glasgow is on the war path and he does not care who knows it. The doctor is building a new house on Twenty-third street near N and asked for bids on the plumbing. Four or five South Omaba plumbers put in bids, which were way up. An Omaha man bid \$200 and carried off the contract. Now the local plumbers are trying to get the city council to enforce the ordinance which requires a plumber who does work here to be resident of the city and to pass an exami-"All letters not called for at the branch nation before the city engineer and an agent of the American Water Works company. It is this attempt on the part of the local plumbers to have the ordinance enforced in his case that makes the doctor warm under the collar. He declares that a law which compels him to pay \$265 for work which he can get done for \$200 is no good and will not stand and he proposes to fight the case. The Omaha plumber came down last even-ing to take his examination, but neither the city engineer nor the water works man

> can dictate whom he shall employ to pipe the house. Magte City Gossio. W. W. Patterson left vesterday for St

> showed up. Glasgow says he has water con-nections in the yard where the new house

stands and he does not see how the council

W. C. Heeter returned last evening from a trip to Billings, Mont. The storm last night prevented the Oriental entertalnment at the First Methodist church. Miss Nora Cox, one of the teachers in the public schools, has returned from a vacation spent with friends at Lincoln and Seward. Emmett Connell, infant son of Policeman connell, caught his right thumb in a wringer vesterday afternoon while playing at home. A physician was called to dress the bruise.

PARK COMMISSIONERS MEET. Bills for Reverview's Artesian Well

At a meeting of the Board of Park Commissioners yesterday afternoon President Tukey reported that the contractors had completed the city to take their positions on the streets as early as 2 o'clock, in order to get a favored location. There are so many of them feet, which, at the contract price of \$3.50 per foot, would make the amount due the contractors \$3,730.50. Against this there were assignments aggregating \$2,917 on account of labor and material. paid.

A petition for permission to construct a grand stand along one side of Jefferson square for use during the state fair parades was It was held that the structure would obstruct the view from the square. The superintendent of parks was directed by resolution to expend \$300 in the making of the lake at Riverview park and not to exceed \$500 in guttering the same resort.

The hydrants on the Florence boulevard west of Ames avenue will not be put in this year. One of the property owners refused to sign an agreement to allow the water works company to lay the necessary main through Marriage Licenses. The following marriage licenses were is sued by the county judge yesterday; Name and Residence. Age.

Theresia McBride, South Omaha 18

Is there anything more wholesome. more beautiful, more completely pleasing than a womanly woman? Such a woman is even tempered, intelligent, strong and Health really tells the whole Health means strong nerves and strong body, and they go far toward bringing good looks and amiability.

A woman worn and wearied by the dragging weaknesses peculiar to her sex, cannot be expected to find zest in any duty or amusement. Life is all one dead monotonous gloom to her. On her face is written the story of weakness and pain. The wholesomeness of health is lacking. The cheeks lack fullness, the eyes lack sparkle, the hair lacks luster. Doctors have learned to locate nine-

tenths of womanly sickness in the organs that ought above all others to be strong and healthy, Sensitive women shudder at the thought of consulting a physician on such matters. A natural feeling of modesty makes them dread the examination,

and subsequent stereotyped treatment by "local applications" on which most doctors insist. Much more often than not, this is unnecessary. It should not be submitted

to except as a last resort. Dr. Pierce's Favorite Prescription has cured thousands of severe cases of "female weakness." It works in a natural, sensible way. It begins by subduing the inflammation that is always present. Then it strengthens and invigorates the whole body, particularly the organs distinctly feminine. It promotes regularity, cures inflammation and ulceration, and stops the debilitating drain caused by them. Of all dealers.

BOY'S CLOTHES

All ready Fall Stock

About this time we heave a sigh of relief.

Tell you, to gather such an assortment of boys' clothes, in time forschool days, is a pretty bit of engineering.

Yes! we are always stocked completely, by the week before school opens, in fact, it is one of our strict business rulings. As a matter of fact, a school boy will appear in a new suit (circum-

stances permitting.) and why not of the newest kind if it is to be had? And be sure, too that the newest is really the latest and not from the campbor box of last year.

Nothing from last year here-never-we begin selling too early to have any left. Fully one-third of our stock is gone before other dealers unpack theirs.

And what a difference in the cost? Ours made before the recent tailors' strike and those made after. ONE DOLLAR a suit is how webegin, and a rattling good and

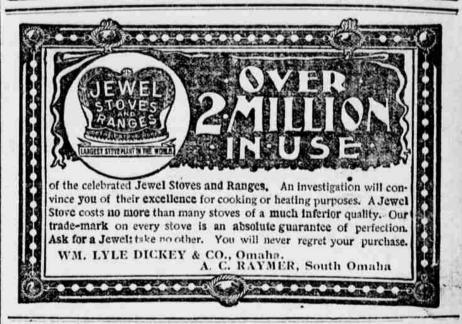

strong school suit for that. Last fall we did the same, but we believe this year's suit is much the better. Better grades range at \$1.25, \$1.50, \$1.75, \$2.00, \$\$2.25, \$2.50, etc.

And if our patterns are not prettier than others, the cloth, make

and sewing is surely much better. We pay or cause to pay more

wages for workmanship, and we're ready to prove it. Nebraska Clothing Co.
